VOL. XXXII.

CROSSVILLE, TENNESSEE, WEDNESDAY, SEPTEMBER, 25, 1918.

NO. 39.

TWO OF OUR BOYS WOUNDED

Litton Thurman Slightly and Gassed and Cornell Cline Seriously.

I. E. Thurman has received a letter from his brother, Litton T. Thurman, stating that he was slightly wounded August 24 by a piece of shrapnell and was gassed at the same time. The letter was written two days after he was wounded and at that time he said that the gas had not hurt him much.

He is not now with the Cumberland County boys and said he had not seen any of them for some time. Litton expected to be moved to the rear in a short time. The effects of gas often is not felt most seriously until some days after the breathing of it and Mr. Thurman may be more seriously hurt than at first seems probable.

He was in action from 12 P. M. to 3 A. M. before he was wounded.

Word was received in Crossville yesterday morning that a telegram had been received at Crab Orchard Monday stating that Cornell Cline had been seriously wounded.

When we attempted to get Crab Orchard by phone the phone was out of order, as usual with the Gainesboro Telephone line, the rotten old thing nearly always gives a service that is next kin to rank robbery.

Clay Brown was moved to Atlanta last week and expects to come home on furlough within a few weeks.

MUST OBEY WAR BOARD

Can't Send Chronicle Longer Than 3 Months After Paid Time Is Up.

The War Board has notified us that another sworn statement will be required of us November 2. Just what that statement will contain we are unable to even guess. In order to be on the safe side we realize we must comply with the restrictions of the War Board, be they what they may.

In order that all may have a fair chance to know what is required of us and what we are forced to require of our subscribers, we are publishing the same matter that we gave last week relative to this subscription matter. Besides that we are stamping on each paper that is behind as much as three months that fact and we trust our readers will do the fair part, give heed and settle their subscriptions promptly, so that none will have to be stopped.

As has been previously repeatedly stated in the press of the country the government is making a strenuous effort to reduce the consumption of print papers as well as other papers. The latest move along this line comes in the way of certain restrictions to the country papers. The War Industrial Board has issued a list of 15 instructions which very greatly affect the country press. Following are the regulations with their numbers, that will especially interest the public:

Regulation 2: No publisher may continue subscriptions after three months after date of expiration, unless subscriptions are renewed and paid for.

Regulation 3: No publisher shall sell his publication at an exceedingly low or nominal subscription price.

Regulation 4: No publisher shall sell his publication to anyone below the published subscription price.

Regulation 11: No publisher shall conduct voting or other contests for the purpose of obtaining subscriptions; subscriptions obtained in this way will not be considered bona fide subscriptions.

It will be seen by the foregoing that we must comply with these regulations. We have a large number of subscribers who are more than three months in arrears. In most cases the subscriber knows he is three months or more in arrears. Do us a favor and show a fair spirit by paying up for if that is not done we MUST stop the paper and we shall regret to be forced to do that with anyone.

In case of persons having open accounts with us, we will charge the paper to their account and continue sending it. In other cases we will stamp on the paper notice that the subscriber is in arrears and if payment is not made in a few weeks the paper will be stopped.

CUMBERLAND WILL EXHIBIT

Farm Products and School Work Will Be Shown at Chattanooga Fair.

This week the County Farm and Home Agent, G. W. Admond, and Mrs. E. B. Cope, will leave for Chattanooga, to put on the first Cumberland County exhibit to be shown at a District Fair.

It will consist of the best specimens of products of the farm, home, and school. The prizes range from \$25 to \$250, and the Agents are after the blue ribbon for Cumberland County.

Any persons having fine specimens of products from farm, garden, or needle work, may exhibit them by bringing them to the court house, Crossville, Thursday or Friday morning.

Besides the County Exhibit there will be boys' and girls' Club Exhibits of potatoes and canned goods.

But perhaps the biggest advertisement for the county will be twenty-two boys and girls who are going down for the Club Day celebration. These will ride in the parade in five or six decorated autos labeled "Cumberland County," then will be given free entrance tickets to the fair, and be entertained at luncheon by the Woman's League for Patriotic Service.

After the luncheon they will give the play, "Columbia's Call to the Children," at the fair grounds, with the Club Songs and County yells.

The following patriotic citizens have donated the use of their autos to take the children there and back: Andy J. McGuire, Judge G. P. Burnett, Prof. A. J. Albertson, and J. L. Qualls.

Arrangements have been made for free entertainment at a number of homes in the city. Several will be the guests of Mrs. Cope.

There has never been a better opportunity offered to let other sections know our county's advantages than is afforded at this fair.

Any citizens wishing to attend and enter the parade will meet in front of the court house, Chattanooga Tuesday morning at ten o'clock. Mrs. Cope will go to Kingston tomorrow to judge at the Roane county fair. Mrs. F. J. Upham will accompany her there and will assist in arranging the booth at the Chattanooga fair. The Chattanooga Fair opens Monday, Sept. 30, for six days.

The soldier gives; you must lend.

BIG BUNCH NEXT MONTH

Orders have been received by the Local board that 38 men will be entrained for Camp Greedleaf, Lytle, Ga., between October 7 and 11. This is the largest number of men ever sent at one time from this county. The names of those who will go are not known as yet.

Liberty Bonds or German taxes.

FOURTH LIBERTY LOAN

Allotment for Cumberland County is About \$40,000, Close to Twice the Amount Called for the Third Liberty Loan.

Once more comes the call to the men and women of this country to back up the boys over there.

Saturday, Sept. 28th. to Thursday Oct. 24th. is the time set by our President in which true Americans will help put over the 4th. Liberty Loan.

Nothing else counts now except to win the war and get our boys back home.

All that you have, all that you prize in life, the honor of your womanhood, the safety of the babbling baby, the honor of the child unborn, civilization, Christianity, and our own America, Land of Liberty, the Freedom of the world, are staked upon how you meet YOUR responsibility in this conflict.

YOUR SHARE IS TO BUY BONDS.

The boys over there are doing their part and in doing it, some of them are making the supreme sacrifice.

Can you afford to face those that come home maimed for life and know, deep down in your heart, that you thought more of your money than of your boys?

Remember the mother of Dalton, Ga., who, when her boy was killed in battle, put all his insurance money in Liberty Bonds, to help take care of some other mother's son.

You cannot, you dare not shrink. You cannot throw the burden on others. From your boys, from your country and our God, comes the call to you in thunder tones to do your duty and do it now.

And remember: "THE MORE BONDS YOU BUY, THE FEWER BOYS WILL DIE."

J. S. REED, County Chairman.

The allotment for this county this time will be from \$38,000 to \$40,000, which is close to the amount subscribed on the third Liberty loan although we were asked for a little less than \$20,000.

POTATO CROP LARGE.

Some 12 Millions Bushels Less Than Bumper Crop of Last Year.

The potato crop for this year was estimated, September 1, as 58 millions of bushels less than last year, and the crop last year was 70 millions of bushels above the average.

While the crop in this section will probably not prove more than half of what it was last year, our farmers should not be misled by that for the crop as a whole is good and potatoes are not likely to reach a much higher level than \$1.25 a bushel to the farmer here. The price may not reach even that.

The government is urging the farmers not to rush the crop on the market but to put it out gradually so it will be absorbed in a safe way for the farmers. The government is also calling attention to conditions last year, when the cold weather set in some cities were short on potatoes and the people could not get them to eat. It is urged that city folks lay in an abundant supply for winter early in the fall to avoid a shortage in case of severe weather shutting down shipments.

Last winter when the weather prevented shipment and the people could not get the potatoes that condition worked a double injury in that it deprived the city people of potatoes when they wanted them and at the same time left too large a quantity in the hands of farmers for the spring market to handle and as a result many potatoes went to waste. Taking a lesson from last year that condition should be avoided.

NEW FLOUR REGULATIONS.

Under the new ruling announced by Mr. Hoover, all retailers of flour are required to carry in stock barley flour, corn meal or corn flour and sell one pound of one of these substitutes for each four pounds of wheat flour.

Households are requested to mix with the wheat flour for all purposes not less than one-fifth of some wheat substitute.

It will not do to say you are using corn meal, it is expected that you will mix the wheat substitutes with the wheat flour whenever and for whatever used.

MAY BE BARRED FROM VOTING.

Under the law passed by the legislature in 1917 all persons who are subject to a poll tax must pay the poll tax not later than 30 days before the day of election. The election comes the First Thursday in November so you must get your poll tax receipt not later than October 8, which is only 14 days from today. If you wish to vote you must not neglect this.

LIBERTY DAY.

President Wilson has named October 12 as Liberty Day, which is the 400th birthday of the discovery of America. He asks that every city and town in the land prepare some for some special demonstration for that day in a united effort to stimulate the sale of bonds of the Fourth Liberty loan.
